

DECLARACION DE CONFORMIDAD ELECTROVALVULAS FABRICANTE BÜKERT PARA VALVULAS BESGO

bürkert
FLUID CONTROL SYSTEMS

EC Declaration of Conformity

As manufacturer we hereby declare that the products with the designation:

Type 5413, ID-number 00134615

satisfy the requirements which are specified in the following Directives of the European Council:

2006/95/ EC	Low Voltage Directive
2004/108/EC	Electromagnetic Compatibility Directive
97/23/EC	Pressure Equipment Directive

The products were assessed concerning the compliance with the **Low Voltage Directive (2006/95/EC)** particularly with regard to the following harmonized standards:

EN 50178; EN 60730-1; EN 60664-1
EN 60204-1; EN 60529; EN 61010-1
Additional requirements for solenoid valves: **DIN VDE 0580**

The products were assessed concerning the compliance with the **Directive on Electromagnetic Compatibility (2004/108/EC)** particularly with regard to the following harmonized standards:

EN 61000-3-2; EN 61000-3-3;
EN 61000-6-2; EN 61000-6-4

The products were assessed concerning the compliance with the **Pressure Equipment Directive (97/23/EC)** particularly with regard to the following harmonized standards:

EN 60730-1; EN 60730-2-8

The products have been subjected to the following conformity assessment procedure:
Module A Internal production control

The Pressure Equipment Directive for products with a nominal voltage < 50V is applied to the CE mark only for equipment which has a nominal width > 25 mm and controls gases belonging to Group 1 or vapour or equipment which has a nominal width > 32 mm and controls gases belonging to Group 2 and the product is within the range > 1,000 and < 3,500 for the calculation nominal pressure x nominal width.

The products with a nominal voltage $\geq 50V$ with respect to Pressure Equipment Directive (97/23/EC) are assessed in Article 1 Paragraph 3.6 of this directive, according to which the equipment is measured by the Low Voltage Directive and therefore does not drop below the scope of the Pressure Equipment Directive.

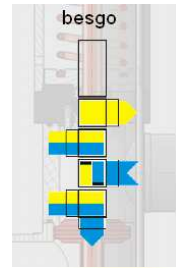

Corporate Quality, Uwe Schlauch
